EDUCATION	M.Sc. Computer Science	2024 – Present
	Technion — Israel Institute of Technology LitLab (3D Machine Learning), advised by Dr. Or Litany	
	B.Sc. Computer Science	2021 – 2024
	Technion — Israel Institute of Technology GPA 97.9/100	
	Exchange Semester	Fall 2023
	KAIST — Korea Advanced Institute of Science & Technology	
AWARDS & HONORS	President's Excellence Award, all 5 semesters	
	1st in B.Sc. Graduating Class, finished 1 year early	
	LAPIDIM Excellence Program, Technion CS Innovation Track	
	Teaching Excellence Award ×2, Technion CS	2025
	1st Place, SKILLZ National Coding Competition	2017
RESEARCH EXPERIENCE	LitLab, Technion — M.Sc. Researcher	2025 – Present
	Advised by Dr. Or Litany. Research in 3D generative AI and human motion generation from 2D supervision. Working on alternatives to diffusion supervision and on diffusion guidance. Working with cameras, SMPL-X, depths, 3DGS and more.	
PUBLICATIONS	VideoMDM: Towards 3D Human Motion Generation From 2D Supervision	
	A. Mann, G. M. Harari, O. Litany	
	Manuscript under review at <i>NeurIPS</i>	2026 [Project Page]
	SpectralSplats: Robust Differentiable Tracking via Spectral Moment Supervision	
	A. Cohen Rimon, A. Mann, M. Ben Chen, O. Litany	
	Manuscript under review at <i>ECCV</i>	2026 [Project Page]
TEACHING	Time-to-Move: Training-Free Motion Controlled Video Generation via Dual-Clock Denoising	
	A. Singer [†] , N. Rotstein [†] , A. Mann, R. Kimmel, O. Litany ([†] equal contribution)	
	<i>ICLR</i>	2026 [Project Page]
TEACHING	Head Teaching Assistant — Deep Learning (02360781)	Winter 2026
	Technion, Faculty of Computer Science	
	Teaching Assistant — Topics in Transformers & Attention (02360004)	Spring 2025
	Technion, Faculty of Computer Science	
	Teaching Assistant — Data Structures (02340218)	Spr. 2024, Win. & Spr. 2025
	Technion, Faculty of Computer Science	
ACADEMIC PROJECTS	Fluid Simulation Tool	Spring 2024
	Bercovici Fluidic Technologies Lab	
	Rhino/Grasshopper plugin for mesh-based fluid equilibrium simulation. Tool used in research under review at <i>Nature Materials</i> .	
	Genomic Variant Analysis	Spring 2024
	Phillipa's Lab	
	Pipeline (bcftools, GATK, plink, gnomAD) to identify rare mutations in a delayed puberty cohort.	
	Neural Network Robustness Verification	Winter 2024
	SAFE lab	
	Accelerated L0 adversarial robustness verification via regression-based dynamic strategy selection.	
OTHER EXPERIENCE	Intelligence Research Analyst — IDF Unit 8200	2018 – 2021
	Data analysis across multiple independent sources. Cross-unit project leadership.	
	Coding Competition Developer — Westran Digital / Ministry of Education	2017
	Developed SKILLZ 2018, Israel's national high-school coding competition.
